Region 18 does not assume responsibility for managing or controlling its development or use. Region 18 does not provide the PTOs/PABs with any contact information. The Directory will NOT be sold or distributed to any organization or individual other than Region 18 families. The PTO can advise but not guarantee its use. Thanks in advance for making this project such a success.

The Directory is funded through the PTOs/PABs, and the Lymes' Youth Service Bureau. LYSB and PTOs/PABs are committed to helping families stay connected, and believe the Directory is an important tool in prevention.
